Everybody should make preparations to attend the county fair this fall, as the managers are doing everything within their power to make it attractive as well as beneficial to those who attend. Take your whole family along with you, exhibit your fine products.

The entry book for the Fair of the Henry county Agricultural Joint Stock Company will be opened for entries on and after Aug. 15th. Make your entries early and avoid the rush the last few days. J. L. HALTER, Secretary.

Statistics show that November, December and February are the most popular months for those seeking matrimony. July, May and August witness the tying of a few nuptial bonds. The month for sentimental lovers to become one is June, and the nuptial contracts in that month are almost equal to the number made in the winter.

Come you new Argentine, you once hidden mystery, come and let us for once behold your beautiful face with your everlasting life-like expression and mild blue eyes, that roguish smile that so gently plays around the left corner of your right ear, come, gentle tintype and get your dozen cabinets at GARDNER'S.

Almost every day we are asked, "any news in regard to the new railroad," and we are compelled to answer, "nothing new." We do know that an immense lot of interest is now being taken by the people along the proposed route from Marshall north, and also the one from Marshall south along the old route of the Mansfield & Coldwater road through Ohio. Undoubtedly our people will be asked to contribute further toward building the road, but we do not anticipate a very heavy drain on their pockets, especially for the benefits that will accrue for the completion of the northern extension.—Portland (Mich.) Contract will be let to lowest bidder. 2t BUILDING COMMITTEE.

Serious Accident. A little 8 year old son of R. K. Skates, living about five miles north of this place, met with quite a sad accident on the 22d of July. He was at a neighbors barn when a boy who was working on the farm, went up into the hay-mow to get a pitchfork, and in throwing it down, accidentally struck little Henry, one of the times penetrating his head to the depth of 1 1/2 inches, also entering the brain, causing paralysis of his entire right side, for some time. But he is now thought to be out of danger, and rapidly recovering under the care of Dr. Harrison and loving friends. Henry is a brave little fellow.

Lots of Wheat. We still hear glowing accounts of the big wheat crop in Henry county this season—the yield averaging from twenty to forty bushels to the acre. Much of the grain yet remains to be threshed, but large quantities are being hauled to market daily. The crop is simply immense, but our farmers don't intend it should stop there. They expect to reap a large crop every year, now that they have become better acquainted with the soil of Henry county and more fully understand the requirements necessary for wheat culture. Our lands are as productive as any in the State, and they only want to be cultivated rightly to yield a good profit.

Girls of a marriageable age do not like to tell how old they are, but you can find out by following the subjoined instructions, provided the young lady does the figuring correctly. It's an old trick but it catches 'em. Tell her to put down the number of the month in which she was born, then to multiply it by 2, then to add 5, then to multiply by 50, then to add her age, then to subtract 365, then to add 115, then tell her to tell you the amount she has left. The two figures to the right will denote her age, and the remainder, the month of her birth. For example, the amount is 822—she is 22 years old and born in the eighth month (August). Try it.

Mr. J. C. Waltemire is making preparations to leave our village and take up his abode in Napoleon, where he will officiate in the capacity of County Treasurer, commencing in September. We deeply regret his departure from our midst, after eight years' pleasant social and business intercourse. His estimable wife and daughter will also be greatly missed in the social circle. All their friends join with us in wishing them a happy and prosperous sojourn in their new home. As an official, we hesitate not in stating that Mr. Waltemire will do honor to his duties in an upright and business like manner to the utmost satisfaction of his friends and the taxpayers of Henry county.—Deshler Flag.

NEW BAVARIA, Aug. 7th, 1886. The school in Marion Township taught by J. F. Kinster, closed Aug. 4th. The exercises of the scholars were grand, and well enjoyed by the teacher, as well as by the visitors. The same school was taught by P. P. Spangler, last winter and he did his duty, as well as the latter teacher, and have forwarded, impelled from a motive power within. Than the question arises: How can a pupils mind that is being dragged or pushed be so awakened and energized as to move forward impelled from a motive power within?

1. By encouraging parents to visit the school-room. Least necessary but by no means unimportant.

2. By kind deportment toward pupils, by ornamenting and making comfortable school room and grounds, by providing facilities for pleasant and profitable out door exercises.

3. By the power of personal friendship. Love of the teacher will awake love for the work of the school-room. Hate and fear are fatal foes to interest in study.

Incorporated. The petition for the incorporation of McClure was up before the board of County Commissioners on Friday last. The application for incorporation was granted, after changing the boundary lines somewhat.—There was not much opposition to the prayer of the petitioners, most all interested being in favor of incorporation. McClure now contains something like three hundred inhabitants and is growing.

The State Convention. It has been arranged that the Democrats from this county will leave for Toledo on the morning of the 18th. The City Band will accompany the delegation. It is hoped that a goodly number of Democrats can make it convenient to go, and that we may go fully two hundred strong. This will be an excellent opportunity for our country friends to visit Toledo and take in a Democratic State Convention. Be on hand on the morning of the 18th.

The New Dry Goods Firm. Shoemaker Bros. appear again with a new advertisement this week. Their bargain sale last week met with such good encouragement that they have extended its range, so that they have taken in most all lines of goods in stock. They purchased the S. M. Heller stock at 50c on the dollar, which accounts for the bargains they are giving their patrons.—The Shoemaker Bros.—Milton, Frank and Charles—are all Henry county boys and have grown up in the dry goods business. The experience they have had in the business enables them to give their patrons just what they want at prices to suit the dull times. Read their new advertisement and then call in and see them.

I Don't Think So. I don't think there is any baby lost in our gallery, as we are there every day and have not seen any that claimed to be lost, although there was one that came very near being lost the other day, he undertook to dodge the lightning process in order to get the hundred dollars and he fopped himself over the back-grounds but we got his picture all the same while he was going out, and when going to see if he was lost, hurt or scared to death, we was astonished to find him standing on one ear and smiling for all that was out of one eye, and crying for all that was in the other, and all because he did not win the money. GARDNER & SON.

Reunion of the 38th O. V. V. I. Mr. EDITOR—I wish to announce in the columns of your paper that the 18th annual reunion of the 38th O. V. V. I. will be held at Montpelier, Ohio, September 1st, to which all ex-soldiers and their families are invited to attend. The 182nd O. V. I. and the 9th Ohio Cavalry are requested to meet with the 38th and organize their regiments.

There will be a camp fire held on the fair ground on the evening of August 31st, in which all soldiers are invited to come and take part. The old army grub will be served to all free. There will be a free dinner on the day of the reunion.

Fulton, Lucas, Defiance, Henry, Wood and Paulding county papers please copy. JOHN ALLMAN, President.

EYE, EAR AND DEFORMITIES. Dr. T. J. Eaton, formerly of the Surgical Infirmary of Indianapolis, will visit Napoleon Friday and Saturday, August 27 and 28th. Rooms at Miller House. Dr. Eaton has for the past twenty-five years made a specialty of the eye, ear and deformities, and has straightened more than one thousand cross eyes. All inflamed and sore eyes can be cured unless disorganization has taken place. Artificial eyes inserted and the most efficient braces for the cure of crooked limbs, club feet, spinal diseases, etc., etc., furnished.

The following account of a remarkable surgical operation performed by Dr. Eaton, is taken from the *El Paso Times* of the 10th ult. "In company with Capt. S. D. Slocum we called to see Miss Jennie Slocum, the young daughter of the Captain, who has been in El Paso under the treatment of Dr. Eaton. We remember to have seen this young lady a few months ago at the ranch, with her left foot twisted until it was at right angles with the other foot. To-day the left foot is straight and natural as the right. We congratulate the young lady and rejoice with her father in this successful performance of Dr. Eaton. We were skeptical until we witnessed the result. We are now satisfied of the promises of the doctor. In this instance they were verified."

A SUCCESSFUL OPERATION.—Dr. T. J. Eaton yesterday operated upon Miss Jennie Slocum, of our city, both of whose eyes were badly crossed. Mr. Bottom, the young lady's stepfather, informs us that the doctor was not more than fifteen seconds performing the operation. The change took place immediately. Her eyes are now straight and her facial appearance so changed, she can hardly be recognized by her most intimate acquaintances.—The Colorado Sun.

A remarkable case was brought to our notice yesterday, being that of a fifteen-year-old daughter of Mr. E. P. Gilpin, a substantial farmer, formerly of Columbus, Mo., now living near Collinsburg, in this county, she had been totally blind from scrofula in the eye for fifteen months. She was treated by Dr. Eaton, who is now in this city, after one personal examination, by mail, with the gratifying result of restoring sight completely. The doctor and his young patient are both receiving congratulations.—Gainesville Herald.

The Prohibitionists of the sixth Congressional district held their nominating convention at the Court House in this city Aug. 5. D. A. N. Krant, of Van Wert, president.

It was the largest and most enthusiastic temperance convention ever held in the district. John W. Rosebrough, of Fulton county, was the unanimous choice of the convention, as their candidate for Congress. Appropriate resolutions were adopted among which was the following:

"We are unalterably opposed to the enactment of laws, either by State or Federal government, that propose by license, tax or otherwise, to regulate the drink traffic, because they provide for its continuance and afford no protection against its ravages."

A central committee was appointed consisting of one member from each county composing the district. A vigorous and aggressive campaign will be inaugurated at an early date. SECRETARY.
